

**BEAVER COUNTY REASSESSMENT PROGRAM
NOTICE AND INFORMATION FOR MUNICIPALITIES**

Please be advised, Beaver County, in concert with Tyler Technologies, Inc., has initiated a plan to begin data collection, for purposes of the countywide reassessment, in your municipality.

Consequently, data collectors will be visiting and collecting information relative to individual properties in your area, beginning July 2nd. The majority of the data collection is expected to be conducted within three weeks from this date. However, this process will continue until July 2021.

- All data collectors will carry identification, including badges with their names and affiliation with the reassessment and neon colored vests
- Data collector vehicles will be identified by a Tyler Technologies, Inc. placard placed upon the dash
- Hours of operation for the collection of data will take place between 8:00 A.M. and 5:00 P.M. Monday through Friday
- No data collector will request or otherwise attempt entry to the interior of any improvement
- The purpose of this onsite visit is to insure the accuracy of information in the County Records. The visit will include an accurate description and measurement of all improvements and an on-site interview. If unavailable, a door hanger will be left with questions relative to interior data, which can be mailed back to Tyler Technologies Inc.
- Data collectors will not offer any conclusion to value and are instructed to operate in a courteous and professional manner
- Administrative oversight for confirmation of employment or issuance of complaint may be made as follows:

Tyler Technologies, Inc.
Randy Brougher, Project Manager
Phone No. 878-439-7009

Beaver County
Kevin J. McIlwain, Chief County Assessor
Phone No. 724-770-4471
